

## Learning Solutions

In addition to the custom design and development of eLearning solutions, Train-Ease is your partner for:

- **Job Aids: Interactive, Online, Tangible**
- **Classroom-based Training: Instructor-led or Facilitator-led**
- **Structured On-the-Job Training**
- **Structured Mentoring Experience Plans**
- **Self-directed Learning**
- **On-boarding Plans**
- **Development Plans / Curriculum Plans**
- **Electronic Performance Support Systems (EPSS)**
- **Simulations**
- **Communication Strategy**

Our professionals partner with you to determine the combination of learning tools, resources, and other media that will help you get the highest possible value from your workforce development and learning investment. This blended learning approach allows individuals with different styles and needs to benefit from a variety of methods as they acquire knowledge and skills for success in their careers.
